WILSON IS EXPECTED TO ARM MERCHANT VESSELS

President Will Instruct Secretary of Navy Daniels to Provide Guns Since He Has Been Informed He Has the Power Without the Consent of Congress. Reaches Decision Suddenly After Conference With Senators and Secretary Lansing Who Were Asked to Prepare Opinion.

STRUGGLE TO LIMIT DEBATE IN SENATE

By ROBERT J. BENDER
(U. P. Staff Correspondent)

Washington, March 7.—Formal announcement by the president that he will instruct Secretary of the Navy Daniels, to arm merchant vessels is expected within a few hours.

The president, it became known today on highest authority, has been told he has the power to do this.

Immediately the order is issued, Secretary Daniels will instruct commandants of navy yards to issue the guns they have available. In the meantime arrangements for additional armament will be rushed.

The president's decision was reached shortly after a conference at the white house today with senators and Secretary Lansing, whom he had instructed to prepare an opinion as to whether he had power to go ahead with his armed neutrality plan for protecting the lives and property of American citizens.

Following his conference the president is said to have decided suddenly not to await change of rules by the senate which were designed to eliminate the unlimited debate rule and thereby make certain the passage of a resolution identical with that which the "wilful few" men killed at the close of the session that died at noon Sunday.

Fight to the Death On Filibustering is Started

Washington, March 7.—The fight to end filibustering was opened in the senate this afternoon by Senator Walsh of Montana who declared:

"Traitors might find their way to halls of congress by filibustering by holding the senate at bay while a foreign foe thunders at our gates.

"It is not conceivable that filibusters might be actuated by traitorous sentiment.

"The revolution had its Benedict Arnold. Ten members of the senate were expelled for treason."

A vice-president has been indicted for treason.

"The senate rules committee

agreed upon a two-thirds cloture rule. This rule will be reported to democratic and republican caucuses.

"The rule provides that by a two-third vote of the senate debate on any bill can be limited to one hour by each senator.

"The proposed rule is one the president approves."

Senator Walsh introduced a resolution for appointment of seven senators to redraft the rule providing for unlimited debate.

Four of the seven are to be majority members and three representing the minority.

ARE LAUDED AS "BEST SPIRIT IN AMERICA"

Stone and LaFollette are Praised by German Press for Opposition to Armed Neutrality

BITTER COMMENT ON WILSON

(By United Press.)
Amsterdam, March 7.—Senators Stone and LaFollette are lauded by the German press as representing "the best spirit in America," according to dispatches received here today.

The German press regards the filibustering senators as proper in failing to extend "unreasonable conditions" and in voicing the sober sentiment of the American people who "do not propose to join the insanity of war."

Bitter comment of President Wilson's inaugural address was made.

AGREE ON COMPROMISE

Washington, March 7.—"Reasonable cloture," a compromise to modify the unlimited debate rule of the senate was agreed upon by President Wilson and democratic senators at the White House this afternoon as a formal proposition to be presented to the republicans.

Democrats met with republicans in

coalition conference at 11 o'clock to suggest the compromise.

If it is successful an extra session of congress will probably be called by the president very soon and the armed neutrality measure reintroduced at his suggestion.

WILLIAM J. STONE OPPOSED

Senate Democrats Start Bitter Fight Against His Re-Election

(By United Press.)
Washington, March 7.—A bitter fight against re-electing William J. Stone to chairmanship of the foreign relations committee will be made by members of his own party despite seniority rule which has always prevailed in such matters.

The new senate can not proceed to business until committees and chairmanships have been selected. The democrats retain the majority sufficient to control the organization.

CANCEL ON LaFOLLETTE

(By United Press.)
Wheeling, W. Va., March 7.—Senator LaFollette will not come here tomorrow to deliver his lecture "Undermining Democracy." An organization of Wheeling Jews who had booked him for a lecture course today cancelled the engagement though they forfeited \$800 in doing

GERMAN AID SEEN IN CUBA

Evidence of Help Being Given Rebels Disclosed by Arrest.

(By United Press.)
Havana, Cuba, March 7.—Direct evidence of German aid to the Cuban rebel cause was declared to have been disclosed in a paper found after the arrest of Dr. Divino, a liberal leader and two members of the Cuban congress. According to the police a proclamation signed by the revolution leader said: "Germany has promised aid."

LOCAL MEN GIVE TESTIMONY TODAY

Warder Wyatt and Albert Sweet, Undertakers at Hilbert's Death, Before Grand Jury

TELL OF CONDITION OF BODY

The Fayette county grand jury continues the investigation into the death of Russell J. Hilbert, for whose death his father Herman Hilbert and step-mother, Lillian Hilbert are held in jail. The grand jury, it is understood, will likely end its investigation late today. Warder Wyatt and Albert Sweet of this city, who were called to prepare the body for burial, were before the grand jury this afternoon. Their testimony was not considered important as they of course did not reach the Hilbert home until after the boy had been dead for some time.

Their testimony perhaps had to deal with the condition of the body as they found it. It is understood that both of the local men were present when the empty strychnine bottle was found.

JEWETT HAS SLENDER LEAD

Unofficial Figures, However, Show Him Nominated by About 900

(By United Press.)
Indianapolis, Ind., March 7.—With 113 out of 140 precincts official at two o'clock this afternoon, Charles W. Jewett was leading Lew Shank for the republican nomination for mayor by 230 votes. The complete official count will probably be necessary to decide the result. Indianapolis News figures for the entire city gave Jewett a lead of about 900.

HOLDS REUNION OUT IN LOS ANGELES, CAL.

Former Rushville Folks and Local People Visiting There Surprise Mr. and Mrs. Jess Vance

TELEGRAM TO REPUBLICAN

A night letter from Los Angeles, Cal., proves that the colony of Rushville people in California are making up for the social affairs they are missing "back home." For last evening, a surprise was given on Mr. and Mrs. Jess Vance in honor of their fifteenth wedding anniversary at their home in Los Angeles when the entire company was made up of former residents of Rushville. Mr. and Mrs. Vance and daughter left here for Los Angeles six years ago last November. The telegram which was sent by Theodore W. Betker and Claude Cambern, reads as follows:

"A complete surprise was given on Mr. and Mrs. Jess Vance in honor of their fifteenth wedding anniversary. Those present were Mr. and Mrs. Betker, Dr. and Mrs. Early, Mr. and Mrs. Reynolds, Mrs. Anna Cox and son, Wilbur, Mr. and Mrs. Manzy and children, Helen and Milton, Mr. and Mrs. Courtland Day (formerly Avis Dale), Mr. and Mrs. Cambern and Miss Vivian Vance. A fine dinner was served, followed by music and dancing and a general good time was enjoyed by all.

BETKER AND CAMBERN."

Mayor C. L. Bebout Thanks Voters For Support in Primary.

Mayor Clata L. Bebout, defeated candidate for the republican nomination for mayor, made the following statement today:

"I desire to thank the voters for their support in yesterday's primary. Three years in office was known to be a handicap before I entered the race and now that it is all over, let the republicans of the city get behind the ticket and win this fall. I am for the ticket."

SHOOTS HIMSELF THROUGH HEART

Despondent Over Death of His Wife, Edward Spencer, Age 50, Commits Suicide This Morning

LEAVES EXPLANATORY NOTE

Declared he Was Lonesome Without Mrs. Spencer and Considered Life Not Worth While

Brooding over the death of his wife, which occurred last August, is assigned as the reason for the suicide of Edward Spencer, 50 years old, a well known farmer of Posey township, this morning at the home of William Ward, his son-in-law, on the L. H. Mull farm south of Homer in Walker township.

Spencer took a single-barrel shotgun and went to the smokehouse in the rear of the Ward home and placed the end of the barrel close to his side near the heart, stooped over and pulled the trigger. The shot went through his heart and came out his back. Spencer lived about fifteen minutes but never regained consciousness.

Coroner Green was called and investigated. The suicide occurred this morning at seven o'clock. A note was found which showed that Spencer planned the deed and also gave the reason for his act. The note stated that since the death of his wife he considered life not worth while and declared that he had been lonesome without his wife.

He lived for many years in Posey township, south of Arlington. Following the death of his wife last October he went to the home of his son-in-law in Walker township where his mother also lived. Mr. Spencer was widely known and was a highly respected man. His death came as a great surprise to his friends and relatives. It is said that he had threatened to take his life before.

Mr. Spencer is survived by his mother, Mrs. Sallie Spencer; four daughters—Mrs. Eva Macey, Mrs. Ward and Mrs. Joe Bogue, all of whom lived in the same neighborhood, and Miss Carrie Spencer who lived at home. He also leaves a brother, William Spencer, of Colorado. Miss Carrie Spencer and her sister, Mrs. Ward were preparing to go to Indianapolis this morning where Miss Spencer was to undergo an operation for appendicitis.

BERT MATLOCK IS RELEASED

Prosecutor Files Motion Asking That he be Discharged

Bert Matlock, held in jail since last Saturday on a charge of illegal sale of intoxicating liquor, was released this morning when arraigned in police court. The prosecuting attorney moved that he be discharged and the charge quashed for a lack of prosecution. He was arrested when Emanuel Dunwoody stated that he and Charles McDaniel gave Matlock the money to purchase some whiskey. It was never brought out where Matlock bought the "booze" or where he secured it.

A. B. IRVIN HEADS THE G. O. P. TICKET

President of Farmers Trust Co., Defeats Mayor C. L. Bebout 158, With Second Choice Votes

HIS PLURALITY 146 VOTES

Charles G. Newkirk is Democratic Nominee for Clerk and Earl E. Osborne the Republican

Mayor C. L. Bebout was defeated for the republican nomination for mayor by Arthur B. Irvin; Charles G. Newkirk won over a field of five candidates, the democratic nomination for city clerk by a slender majority, and Earl E. Osborne handily won the clerk's nomination on the republican ticket, thus settling the most hotly contested races in the first city primary ever held here, Tuesday.

The second choice votes did not "make or break" a winner, but they changed slightly the majority of some of the candidates. The primary election officials at first thought that it would take the second choice votes to determine who was the winner in the race for the democratic nomination for clerk. This proved a mistaken impression, however, as Charles C. Newkirk's plurality over the next highest candidate was reduced by only one vote when the second choice votes were added.

The vote was very light, although it was better than was predicted yesterday afternoon. A total of 936 votes was cast for the four candidates for mayor in the primary yesterday. The total vote cast for the candidates for mayor in the election November 4, 1913 was 1478.

About eighty per cent of the vote polled was cast in the first precinct, which made the best showing of any precinct in the city.

Mr. Irvin ran ahead of Mayor Bebout in every precinct. His plurality of first choice votes over the mayor was 146 and in the elimination process when the second choice votes were added, Mr. Irvin gained twelve votes. By dropping Harley Frazier, the low candidate, 26 second choice votes cast for Mayor Bebout on Mr. Frazier's ballot counted as first choice votes and 38 second choice votes for Mr. Irvin brought this total of first choice up to 396. Counting the second choice cast on Mr. Frazier's ballot for Mr. Bebout, the latter's first choice votes were increased to 238.

When all of the first choice votes had been counted, it was found that Charles G. Newkirk had a plurality of eighteen votes over Sam Morgan, the next highest candidate in the race for the democratic nomination for clerk. Then the elimination process began and it appeared at first that Mr. Morgan might gain enough second choice votes—which are counted as first choice votes when the low candidates are dropped—to give him a slight majority over Mr. Newkirk. However, it developed that Mr. Morgan received only one more second choice vote than Mr. Newkirk.

Osro Farthing, being lowest, was the first candidate eliminated. One second choice vote on his ballot went to Wilbur W. Stevens, giving him 67; two went to Frederick Boxley, making him 73; one went to Mr. Morgan, making him 75, and two went to Mr. Newkirk, making him 94.

Mr. Stevens was next dropped. Three of the second choice votes on his ballots went to Mr. Boxley, making him 76; eleven went to Mr. Morgan, making him 86, and nine went to Mr. Newkirk, making him 103. Mr. Boxley was the last man eliminated. Six second choice votes on his ballots went to Mr. Morgan, making his final vote 92, and six went to Mr. Newkirk, making his final vote 109 and his majority over Mr. Morgan seventeen votes.

There was only one candidate to be eliminated in the republican race

GENERAL PUBLIC INVITED

Miss Bonnie Snow of New York City will lecture this evening at the Graham high school at 7:30 o'clock on "Correlation of Art, Industry and Life." Very favorable reports were received today from Connorsville where Miss Snow delivered a lecture yesterday and was extremely popular with her practical and new ideas. The public is invited and urged to hear the lecture this evening. This afternoon, Miss Snow delivered a lecture before the teachers of the city giving suggestions as

MOTHER SUPERIOR Says Vinol Creates Strength

Rosary Hill Home, Hawthorne, N. Y.—"I have used Vinol for many run-down, weak, or emaciated patients with benefit. One young woman was so weak and ill she could hardly creep to my door for aid. I supplied Vinol to her liberally and in a month I hardly recognized her. She was strong, her color charming and her cheeks rounded out."

to how the teaching of art could be best dealt with in the schools. She showed the school children the exhibits of art work proving what can be done by school children in following the course she suggests.

The most interesting feature of Miss Snow's lectures is their very practical side, bringing interesting suggestions for making the home more artistic, dressing more becomingly, and combining colors to their best advantage. One of Miss Snow's statements is that "Most color combinations are 99 per cent defective," and she shows a remedy for the defective ones. Her timely ideas concerning good taste in decorating the home will be of interest to home-makers as well as her suggestions on dress.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.) "The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

"But to get liver and bowels working as they ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though, of course, it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentanel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentanel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

A Remedy For H. C. L.

Dr. P. P. Claxton, commissioner of education in the United States department of the interior, has reasoned it out that a partial remedy for the present high cost of living is to put the school boys and girls to work in the back yards this summer and make producers out of them.

This is the very plan that the Women's Council here is trying to encourage and it does seem the most practical method of increasing the food production of the people of the United States.

There are many causes for the high cost of living. Two of these are the unusual lack of food, and the fact that most of the food is consumed far from the place of production, which makes the consumer pay the cost of storage and transportation, and the profits of the middlemen, many of whom, in times like these, take advantage of the wants of the people to make profits larger than they should.

Dr. Claxton points out that in the schools of the cities, towns, suburban communities, and manufacturing and mining villages of the United States there are approximately 6,000,000 boys and girls between the ages of nine and sixteen. Most of them are idle more than half of the year. They are in school less than 1,000 hours in the year, and allowing 10 hours a day for sleep, are out of school more than 4,000 waking hours, more than an average of nine hours a day, not counting Sundays. National and State laws make it impossible for most of them to do any profitable work in mill, mine or shop, and many of them are forming habits of idleness and falling into vice. Even during the vacation months only about 10 per cent have any profitable employment; only about 5 per cent of them go away from their homes except for a few days. Still, they must live and be fed and clothed.

"For four millions of these there is access to back yards, side yards, front yards, and vacant lots," he continues, "which might be cultivated as small gardens for the growth

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry,
Avoid Exposure and
Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

INDIANS' FATE WITH PITCHERS

Lee Fohl of Cleveland Team Faces Big Problem in Getting Good Hurling This Year

MOST OF OLD MEN ARE BACK

Outfield Looks Good With Speaker, Roth and Graney—His Squad Contains 31 Men

(By United Press.)
Cleveland, O., March 7.—Pitching is the big problem that must be solved by Manager Lee Fohl if he's to make a winner of the Cleveland Indians this year. The men today are spending the first day in their New Orleans training camp.

His second biggest problem is first base. Practically every other position on his lineup is settled.

He has an outfield that doesn't have to take a back seat for any other big league set of outergardeners. With Tris Speaker in center, flanked on the right by Bobby Roth and on the left by Jack Graney the gardens are well protected.

Terry Turner will be back at third, Ray Chapman at short and Bill Wambgsanase at second.

There are an even dozen pitchers on the squad of thirty-one players and Fohl is supremely confident he "get together a classy staff. He is pulling hard for his big right hander, Guy Morton, to come back with the kink gone from his arm. Morton was leading the American league with ten victories and only two defeats when something went wrong with his salary wing last season. It was largely due to his disability that Cleveland dropped after a good start last season.

Stanley Coveleskie the young Polish spitballer, and Jim Bagby, fadeaway artist, are counted on as mainstays of the hurling corps just as they were last year.

One youngster who is expected to prove a real sensation is Otis Lambeth, who came from Topeka late last season. Lambeth displayed a world of stuff, including a fine side-wheel delivery and cross fire ball of which he has remarkable control.

Fohl has two fine southpaws in Fred Combs and Joe Boehling, the latter obtained in a trade with Washington.

Big Ed Klepfer who was bothered with tonsillitis last season, has had his tonsils removed and started south in the middle of February to get in condition by the time his team-mates arrive.

Popboy Smith, brother-in-law of Bagby, and Albert Gould, the little Iowan, showed good form and ability with the Indians last season and are expected to develop.

There are three likely youngsters getting their first tryout in fast company—Pefy from Texas, Dickerson, who won eleven straight and lost none in the Dixie league, and Deardorff from the University of Iowa.

At first base the season may see the passing of Chick Gandill as a big league regular, for young Louise Guisto from Portland, Ore., is banked upon to win that place. Guisto didn't hzso wneuh didn't show much in the batting line when he reached Cleveland late last season, but he had a strained back. After the season he went on a trip to Honolulu and Harold Janvrin of the Red Sox who took the same tour predicts Guisto will be a star.

Cleveland also has in reserve for the first base job Ivan Howard, Marty Kavanag the Ex-Tiger slugger, and Ray Miller from the Western league.

Behind the bat the veteran Steve O'Neill is certain to be the mainstay, while Josh Billings, recalled from Louisville, is the present tip for second string catcher. Toy Daly will be third man.

Pete Allison from New Orleans is the only extra outfielder on the Indians roster and is considered sufficient.

Little Joe Evans, third sacker, is back from Portland.

The Indians are trying an interesting experiment this season and will take south with them a pair of sand lotters chosen from the best players of Cleveland's amateur ball teams. They are Yaro Krejoi, catcher, and Johnny Leber, third-sacker. The Indians will present a team of giants. Ten of them are more than 6 feet tall.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

The meeting of the Social Circle of the Orange Methodist church to be held with Mrs. Wilson Stewart tomorrow afternoon will be a very novel one. A number of the members of the society have been ill and for various reasons been unable to attend the recent meetings of the society and those attending the meeting at the home of Mrs. Christ tomorrow will call on the absent members.

At a beautifully appointed dinner, Mrs. Walter Gray entertained at her home southeast of the city recently, celebrating the birthday of Florence Alice Rees. The only decoration on the dining table at which the guests were seated was the huge birthday cake, lit with tapers. Other guests aside from the host and hostess, Mr. and Mrs. Gray, were Mr. and Mrs. Rees, and Florence Alice, Francis, and Kathryn Rees.

Miss Kathleen Coyne was hostess to the members of the B. N. Club at her home in this city last evening, when nine girl friends were entertained. Clever St. Patrick's Day decorations were used. Only a short business meeting was conducted and the remainder of the evening was spent in a gay social manner. Dainty refreshments were served by the hostess. Miss Nellie Brown will entertain the club members next Tuesday evening.

A delightful meeting of the S. E. T. Club was held with Miss Mary Amos at her home in North Perkins street yesterday afternoon when sixteen guests were entertained. The afternoon was spent informally when the guests chatted over their needlework. A delicious one course luncheon was served by the hostess. The next meeting will be with Mrs. Albert Allen in two weeks. Mrs. Chester Smith of Monmouth, Ill., and Mrs. Edward Strong of Indianapolis were among the guests of Miss Amos.

When Mrs. Will Trennepohl and Mrs. Willard Brown entertained the members of the W. R. C. Penny Social at the home of Mrs. Trennepohl yesterday afternoon, 34 members of the Social were present. After the business session, the ladies spent a busy afternoon in working on a quilt which is near completion. The pretty decorations for the home were suggestive of St. Patrick's day. A delicious one course luncheon was served. The next monthly meeting of the Social will be at the home of Mrs. Alice Bainbridge when the assisting hostesses will be Mrs. Anna Gilson and Mrs. Alice Denny.

Mrs. Jack Knecht will entertain the members of the Friday Afternoon Embroidery Club at her home in North Harrison street on Friday afternoon instead of Miss Grace Buell who was to have been hostess.

Mr. and Mrs. O. P. Wamsley, Mr. and Mrs. George Suess, and Mr. and Mrs. Earl Winship are going to Greenfield this evening to attend the banquet and social given for the Uniform Rank, K. of P.

The birthday of Miss Ruby Stewart was the cause for the surprise arranged in her honor on Monday evening by a number of her friends who came into her home, bringing with them an elegant pitch-in supper. The remainder of the evening after the service of the supper was spent in a pleasant social manner by the guests who were Mr. and Mrs. Charles Wamsley, Mr. and Mrs. John Roberts, Mr. and Mrs. Henry Miller, Mr. and Mrs. Roy Murphy, Mr. and Mrs. Kirby Payne, Mr. and Mrs. A. J. Perkins, Mr. and Mrs. Chester Williams, Mr. and Mrs. Will Stevens, Mrs. James Mercer, Mrs. Jeremy Weir, Mrs. Amanda McKee, the Misses Marian and Myrtle Sefton, Eva Mercer, Doris Mitchell, Blanche Armstrong, Beulah Murphy, Mary and Lucille Roberts, Deloris Miller, Thelma and Letha Williams and Russel Murphy, James Moore, Harold Matney, Homer Roberts, Earl Vogle, Ralph Armstrong, Carl Perkins, Lawrence Miller, John Williams and Carlos Weir.

A delightful party was given at the Social Club last evening when the ladies of the third division had the dinner in charge. During the social hour which intervened a pleasant time was enjoyed and the remainder of the evening was spent by some of the guests in dancing. Excellent music was played by the Mitchell three piece orchestra, with Miss Linstrum playing the piano. Some of their most popular numbers were those played with stringed instruments. Among the out-of-town guests at the affair were Miss Sefton of Greensburg, Mrs. George Dehority of Elwood, Miller Hamilton of Indianapolis, Miss Della Borhis of Lockland, Ohio, Miss Clara Haydon and Miss Bess Cleveland of Lexington, Ky.

Interest is being taken in the dance to be given next Friday March 16, by the ladies of the club for the gentlemen. The season is particularly favorable for, with St. Patrick's Day following, decorations will be very attractive. Mitchell's five piece orchestra is to play. A number of interesting out-of-town visitors are expected for the affair.

Invitations are out for the musicale to be given by the members of the Happy-Go-Lucky Club on Wednesday, March 14, at the home of Mrs. John H. Frazee at 803 North Harrison street. The affair is celebrating the twentieth anniversary of the organization of the club, one of the oldest and best known social organizations in the county. The fifteen members of the club will be hostesses.

Honoring her birthday, Mrs. R. A. Petry was surprised by several of her friends at her home in this city last evening. The guests who arranged the affair brought with them an elegant supper which was soon spread. They also presented Mrs. Petry with a beautiful cut-glass dish. The ladies planning the pleasant evening were Mrs. Mart Spivey, Mrs. C. W. Hinkle, Mrs. Doll Green, Mrs. John Boyd, Mrs. Frank Windler, Mrs. Mary Hall, Miss Minnie Boyd, Miss Kathryn and Harry Petry were also guests.

Fifty members of the Loyal Daughters class of the Christian Sunday school attended the meeting of the class held last evening with Mrs. C. M. Yocum at her home in North Main street, teacher of the class when she was assisted in entertaining by Misses Wanda Wyatt and Lillian and Ruth Bennett. No business meeting was conducted and the entire evening was given over to a social good time. "The Romance of a Shirtwaist" was the title of the clever contest which occupied the interest of the guests for a period. Dainty refreshments of tea and sandwiches were served.

Two meetings of the Immaculata Sodality were held last evening, the first and second division meeting at the home of Miss Mary Ellen Carroll in West First street. Eleven members of the society were present and spent a profitable evening in sewing. Nine members attended the meeting of the third division held at the home of Miss Gertrude O'Reilly and had a pleasant time over their needlework. These weekly meetings of the divisions of the Sodality are being held to prepare for the bazaar which will be conducted shortly after Easter. The first and second divisions will meet next Tuesday evening with Miss Margaret Kelly.

100 Years Old

"The kidneys play a most important part in causing premature old age and death—the more injurious the poisons passing thru the kidneys the sooner comes decay"—so says a distinguished physician, who further advises all people who are past thirty to preserve the vitality of the kidneys and free the blood from poisonous elements, such as uric acid—drink plenty of water—sweat some daily and take Anuric before meals.

This Anuric (double strength) is put up in tablet form, and can be obtained at almost any drug store. For that backache, lumbago, rheumatism, "rusty" joints, swollen feet or hands, due to uric acid in the blood, Anuric quickly dissolves the uric acid as hot water does sugar. Discovered by Dr. Pierce of Buffalo, N. Y.

Prevent old age by simply sipping a cup of hot water every morning before breakfast, taking a little Anuric before meals and live to be a hundred.

Fort Wayne, Ind.—"When I was a girl I became all run-down, weak and nervous and my stomach was in very bad shape—a gastric condition. My blood was very bad, and I broke out in sores. This was in the spring of the year. I tried medicines with no results at all. A friend told me of Dr. Pierce's Golden Medical Discovery being so good. I began its use at once and it soon cured me of my stomach trouble, cleared up my blood and left me in a strong, healthy condition. I have also used Dr. Pierce's All-Healing Salve and found it excellent for healing open sores of every sort. I am glad to recommend Dr. Pierce's medicines."—Mrs. A. T. COGGESHALL, 1531 Calhoun St.

for city clerk. In the count of first choice votes it was found that Earl E. Osborne had a clear plurality of 160 and that Albert J. Sweet had six more votes than Walter F. Easley. Therefore, Mr. Easley was eliminated and twenty-six second choice votes on his ballots went to Mr. Osborne and twenty went to Mr. Sweet. The result was Mr. Osborne's final vote was 336 and Mr. Sweet's final vote was 170, making the former's majority 166.

There was not as much confusion among the members of the election boards as expected because of the second choice voting. The boards in precincts one and six were confused and had to recount their ballots after reporting to the election commission because they did not tally the second choice votes correctly. They gave all the second choice votes to the candidate receiving the first choice votes and had to go over the ballots again and distribute the second choice to their proper places.

George Helm defeated Fred Gale for the republican nomination for treasurer by a majority of 49 votes. Knowles Casady, the democratic candidate for the same office, was unopposed.

Chase P. Manzy and Rudolph F. Scudder were nominated for councilmen-at-large on the republican

Beef Compared with Floorcoverings

The fact that all good rugs are made of wool does not mean that they are all alike. A cow may be all beef, but it's equally true that all beef is not sirloin. When you want a good steak you must designate the cut and when you want a rug or carpet you must do the same thing. There is just as much difference between Whittall Rugs and Carpets and the average as there is between sirloin and beef bone.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

COUNCIL IN SHORT SESSION

Flagman Ordered at First Street Crossing of Big 4

The regular meeting of the city council last night was rushed through hurriedly in order that the council chamber could be turned over to the election commissioners. Outside of allowing the usual claims the only other thing done was the ordering of the Big Four railroad to maintain a flagman at the First street crossing. Numerous complaints have reached the city officials claiming the crossing is a dangerous one and the council believed that a flagman was needed.

WILSON IS EXPECTED TO ARM MERCHANT VESSELS

President Will Instruct Secretary of Navy Daniels to Provide Guns Since He Has Been Informed He Has the Power Without the Consent of Congress. Reaches Decision Suddenly After Conference With Senators and Secretary Lansing Who Were Asked to Prepare Opinion.

STRUGGLE TO LIMIT DEBATE IN SENATE

By ROBERT J. BENDER
(U. P. Staff Correspondent)

Washington, March 7.—Formal announcement by the president that he will instruct Secretary of the Navy Daniels, to arm merchant vessels is expected within a few hours.

The president, it became known today on highest authority, has been told he has the power to do this.

Immediately the order is issued, Secretary Daniels will instruct commandants of navy yards to issue the guns they have available. In the meantime arrangements for additional armament will be rushed.

The president's decision was reached shortly after a conference at the white house today with senators and Secretary Lansing, whom he had instructed to prepare an opinion as to whether he had power to go ahead with his armed neutrality plan for protecting the lives and property of American citizens.

Following his conference the president is said to have decided suddenly not to await change of rules by the senate which were designed to eliminate the unlimited debate rule and thereby make certain the passage of a resolution identical with that which the "wilful few" men killed at the close of the session that died at noon Sunday.

Fight to the Death On Filibustering is Started

Washington, March 7.—The fight to end filibustering was opened in the senate this afternoon by Senator Walsh of Montana who declared:

"Traitors might find their way to halls of congress by filibustering by holding the senate at bay while a foreign foe thunders at our gates. It is not conceivable that filibusters might be actuated by traitorous sentiment."

"The revolution had its Benedict Arnold. Ten members of the senate were expelled for treason. A vice-president has been indicted for treason."

"The senate rules committee

agreed upon a two-thirds cloture rule. This rule will be reported to democratic and republican caucuses.

"The rule provides that by a two-third vote of the senate debate on any bill can be limited to one hour by each senator."

"The proposed rule is one the president approves."

Senator Walsh introduced a resolution for appointment of seven senators to redraft the rule providing for unlimited debate.

Four of the seven are to be majority members and three representing the minority.

ARE LAUDED AS "BEST SPIRIT IN AMERICA"

Stone and LaFollette are Praised by German Press for Opposition to Armed Neutrality

BITTER COMMENT ON WILSON

(By United Press.)
Amsterdam, March 7.—Senators Stone and LaFollette are lauded by the German press as representing "the best spirit in America," according to dispatches received here today.

The German press regards the filibustering senators as proper in failing to extend "unreasonable conditions" and in voicing the sober sentiment of the American people who "do not propose to join the insanity of war."

Bitter comment of President Wilson's inaugural address was made.

AGREE ON COMPROMISE

Washington, March 7.—"Reasonable cloture," a compromise to modify the unlimited debate rule of the senate was agreed upon by President Wilson and democratic senators at the White House this afternoon as a formal proposition to be presented to the republicans.

coalition conference at 11 o'clock to suggest the compromise.

If it is successful an extra session of congress will probably be called by the president very soon and the armed neutrality measure reintroduced at his suggestion.

WILLIAM J. STONE OPPOSED

Senate Democrats Start Bitter Fight Against His Re-Election

(By United Press.)
Washington, March 7.—A bitter fight against re-electing William J. Stone to chairmanship of the foreign relations committee will be made by members of his own party despite seniority rule which has always prevailed in such matters.

The new senate can not proceed to business until committees and chairmanships have been selected. The democrats retain the majority sufficient to control the organization.

CANCEL ON LaFOLLETTE

(By United Press.)
Wheeling, W. Va., March 7.—Senator LaFollette will not come here tomorrow to deliver his lecture "Undemocratic Democracy." An organization of Wheeling Jews who had booked him for a lecture course today cancelled the arrangement though they forfeited \$200 in doing so.

GERMAN AID SEEN IN CUBA

Evidence of Help Being Given Rebels Disclosed by Arrest.

(By United Press.)
Havana, Cuba, March 7.—Direct evidence of German aid to the Cuban rebel cause was declared to have been disclosed in a paper found after the arrest of Dr. Divino, a liberal leader and two members of the Cuban congress. According to the police a proclamation signed by the revolution leader said: "Germany has promised aid."

LOCAL MEN GIVE TESTIMONY TODAY

Warder Wyatt and Albert Sweet, Undertakers at Hilbert's Death, Before Grand Jury

TELL OF CONDITION OF BODY

The Fayette county grand jury continues the investigation into the death of Russell J. Hilbert, for whose death his father Herman Hilbert and step-mother, Lillian Hilbert are held in jail. The grand jury, it is understood, will likely end its investigation late today. Warder Wyatt and Albert Sweet of this city, who were called to prepare the body for burial, were before the grand jury this afternoon. Their testimony was not considered important as they of course did not reach the Hilbert home until after the boy had been dead for some time.

Their testimony perhaps had to deal with the condition of the body as they found it. It is understood that both of the local men were present when the empty strychnine bottle was found.

Unofficial Figures, However, Show Him Nominated by About 900

(By United Press.)
Indianapolis, Ind., March 7.—With 113 out of 140 precincts official at two o'clock this afternoon, Charles W. Jewett was leading Lew Shank for the republican nomination for mayor by 230 votes. The complete official count will probably be necessary to decide the result. Indianapolis News figures for the entire city gave Jewett a lead of about 900.

HOLDS REUNION OUT IN LOS ANGELES, CAL.

Former Rushville Folks and Local People Visiting There Surprise Mr. and Mrs. Jess Vance

TELEGRAM TO REPUBLICAN

A night letter from Los Angeles, Cal., proves that the colony of Rushville people in California are making up for the social affairs they are missing "back home." For last evening, a surprise was given on Mr. and Mrs. Jess Vance in honor of their fifteenth wedding anniversary at their home in Los Angeles when the entire company was made up of former residents of Rushville. Mr. and Mrs. Vance and daughter left here for Los Angeles six years ago last November. The telegram which was sent by Theodore W. Betker and Claude Cambern, reads as follows:

"A complete surprise was given on Mr. and Mrs. Jess Vance in honor of their fifteenth wedding anniversary. Those present were Mr. and Mrs. Betker, Dr. and Mrs. Early, Mr. and Mrs. Reynolds, Mrs. Anna Cox and son, Wilbur, Mr. and Mrs. Mauzy and children, Helen and Milton, Mr. and Mrs. Courtland Day (formerly Avis Dale), Mr. and Mrs. Cambern and Miss Vivian Vance. A fine dinner was served, followed by music and dancing and a general good time was enjoyed by all."

Mayor C. L. Behout Thanks Voters For Support in Primary.

Mayor Clata L. Behout, defeated candidate for the republican nomination for mayor, made the following statement today:

"I desire to thank the voters for their support in yesterday's primary. Three years in office was known to be a handicap before I entered the race and now that it is all over, let the republicans of the city get behind the ticket and win this fall. I am for the ticket."

SHOOTS HIMSELF THROUGH HEART

Despondent Over Death of His Wife, Edward Spencer, Age 50, Commits Suicide This Morning

LEAVES EXPLANATORY NOTE

Declared he Was Lonesome Without Mrs. Spencer and Considered Life Not Worth While

Brooding over the death of his wife, which occurred last August, is assigned as the reason for the suicide of Edward Spencer, 50 years old, a well known farmer of Posey township, this morning at the home of William Ward, his son-in-law, on the L. H. Mull farm south of Homer in Walker township.

Spencer took a single-barrel shotgun and went to the smokehouse in the rear of the Ward home and placed the end of the barrel close to his side near the heart, stooped over and pulled the trigger. The shot went through his heart and came out his back. Spencer lived about fifteen minutes but never regained consciousness.

Coroner Green was called and investigated. The suicide occurred this morning at seven o'clock. A note was found which showed that Spencer planned the deed and also gave the reason for his act. The note stated that since the death of his wife he considered life not worth while and declared that he had been lonesome without his wife.

He lived for many years in Posey township, south of Arlington. Following the death of his wife last October he went to the home of his son-in-law in Walker township where his mother also lived. Mr. Spencer was widely known and was a highly respected man. His death came as a great surprise to his friends and relatives. It is said that he had threatened to take his life before.

Mr. Spencer is survived by his mother, Mrs. Sallie Spencer; four daughters—Mrs. Eva Macey, Mrs. Ward and Mrs. Joe Bogue, all of whom lived in the same neighborhood, and Miss Carrie Spencer who lived at home. He also leaves a brother, William Spencer, of Colorado. Miss Carrie Spencer and her sister, Mrs. Ward were preparing to go to Indianapolis this morning where Miss Spencer was to undergo an operation for appendicitis.

BERT MATLOCK IS RELEASED

Prosecutor Files Motion Asking That he be Discharged

Bert Matlock, held in jail since last Saturday on a charge of illegal sale of intoxicating liquor, was released this morning when arraigned in police court. The prosecuting attorney moved that he be discharged and the charge quashed for a lack of prosecution. He was arrested when Emanuel Dunwoody stated that he and Charles McDaniel gave Matlock the money to purchase some whiskey. It was never brought to the attention of the grand jury.

A. B. IRVIN HEADS THE G. O. P. TICKET

President of Farmers Trust Co., Defeats Mayor C. L. Behout 158, With Second Choice Votes

HIS PLURALITY 146 VOTES

Charles G. Newkirk is Democratic Nominee for Clerk and Earl E. Osborne the Republican

Mayor C. L. Behout was defeated for the republican nomination for mayor by Arthur B. Irvin; Charles G. Newkirk won over a field of five candidates, the democratic nomination for city clerk by a slender majority, and Earl E. Osborne handily won the clerk's nomination on the republican ticket, thus settling the most hotly contested races in the first city primary ever held here, Tuesday.

The second choice votes did not "make or break" a winner, but they changed slightly the majority of some of the candidates. The primary election officials at first thought that it would take the second choice votes to determine who was the winner in the race for the democratic nomination for clerk. This proved a mistaken impression, however, as Charles C. Newkirk's plurality over the next highest candidate was reduced by only one vote when the second choice votes were added.

The vote was very light, although it was better than was predicted yesterday afternoon. A total of 936 votes was cast for the four candidates for mayor in the primary yesterday. The total vote cast for the candidates for mayor in the election November 4, 1913 was 1478. About eighty per cent of the vote polled was cast in the first precinct, which made the best showing of any precinct in the city.

Mr. Irvin ran ahead of Mayor Behout in every precinct. His plurality of first choice votes over the mayor was 146 and in the elimination process when the second choice votes were added, Mr. Irvin gained twelve votes. By dropping Harley Frazier, the low candidate, 26 second choice votes cast for Mayor Behout on Mr. Frazier's ballot counted as first choice votes and 38 second choice votes for Mr. Irvin brought this total of first choice up to 396. Counting the second choice cast on Mr. Frazier's ballot for Mr. Behout, the latter's first choice votes were increased to 238.

When all of the first choice votes had been counted, it was found that Charles G. Newkirk had a plurality of eighteen votes over Sam Morgan, the next highest candidate in the race for the democratic nomination for clerk. Then the elimination process began and it appeared at first that Mr. Morgan might gain enough second choice votes—which are counted as first choice votes when the low candidates are dropped—to give him a slight majority over Mr. Newkirk. However, it developed that Mr. Morgan received only one more second choice vote than Mr. Newkirk.

Osro Farthing, being lowest, was the first candidate eliminated. One second choice vote on his ballot went to Wilbur W. Stevens, giving him 67; two went to Frederick Boxley, making him 73; one went to Mr. Morgan, making him 75, and two went to Mr. Newkirk, making him 94.

Mr. Stevens was next dropped. Three of the second choice votes on his ballots went to Mr. Boxley, making him 76; eleven went to Mr. Morgan, making him 86, and nine went to Mr. Newkirk, making him 103. Mr. Boxley was the last man eliminated. Six second choice votes on his ballots went to Mr. Morgan, making his final vote 92, and six went to Mr. Newkirk, making his final vote 109, and his majority over Mr. Morgan seventeen votes. There was only one candidate left.

Miss Bonnie Snow of New York
Speaks to School Children To-day and Lectures Tonight

GENERAL PUBLIC INVITED

Miss Bonnie Snow of New York City will lecture this evening at the Graham high school at 7:30 o'clock on "Correlation of Art, Industry and Life." Very favorable reports were received today from Connersville where Miss Snow delivered a lecture yesterday and was extremely popular with her practical and new ideas. The public is invited and urged to hear the lecture this evening. This afternoon, Miss Snow delivered a lecture before the teachers of the city giving suggestions as to how the teaching of art could be best dealt with in the schools. She showed the school children the exhibits of art work proving what can be done by school children in following the course she suggests.

The most interesting feature of Miss Snow's lectures is their very practical side, bringing interesting suggestions for making the home more artistic, dressing more becomingly, and combining colors to their best advantage. One of Miss Snow's statements is that "Most color combinations are 99 per cent defective," and she shows a remedy for the defective ones. Her timely ideas concerning good taste in decorating the home will be of interest to homemakers as well as her suggestions on dress.

A DENTIST'S FORMULA

True Secret of Keeping Youthful Looking

(The Beauty Secret.)

"The real secret of keeping youthful and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without them, the system is clogged, the blood is impure, the organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

But, the liver, and bowels working as they ought, without producing any after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which is now being sold in convenient tablet form. Its value is due, not to an ingredient, but to the fact that it is a vegetable extract, which has been called "vegetable calomel" because of its effectiveness, though, of course, it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in "Sentinel" tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, there is a harmonious and pleasant taste to the tablets, and elasticity to the relaxed intestinal wall. "Sentinel" tablets, which may be procured from any druggist, are a drug's worth and will prove a boon to any constipated person.

A Remedy For H. C. L.
Dr. P. P. Claxton, commissioner of education in the United States department of the interior, has reasoned it out that a partial remedy for the present high cost of living is to put the school boys and girls to work in the back yards this summer and make producers out of them.

This is the very plan that the Women's Council here is trying to encourage and it does seem the most practical method of increasing the food production of the people of the United States.

There are many causes for the high cost of living. Two of these are the unusual lack of food, and the fact that most of the food is consumed far from the place of production, which makes the consumer pay the cost of storage and transportation, and the profits of the middlemen, many of whom, in times like these, take advantage of the wants of the people to make profits larger than they should.

Dr. Claxton points out that in the schools of the cities, towns, suburban communities, and manufacturing and mining villages of the United States there are approximately 6,000,000 boys and girls between the ages of nine and sixteen. Most of them are idle more than half of the year. They are in school less than 1,000 hours in the year, and allowing 10 hours a day for sleep, are out of school more than 4,000 waking hours, more than an average of nine hours a day, not counting Sundays. National and State laws make it impossible for most of them to do any profitable work in mill, mine or shop, and many of them are forming habits of idleness and falling into vice. Even during the vacation months only about 10 per cent have any profitable employment; only about 5 per cent of them go away from their homes except for a few days. Still, they must live and be fed and clothed.

"For four millions of these there is access to back yards, side yards, front yards, and vacant lots," he continues, "which might be cultivated as small gardens for the growth

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry,
Avoid Exposure and
Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is taken with excellent results by thousands of folks who are subject to rheumatism. Here is a testimonial from a prominent Rushville doctor, which is worth more than any other.

of vegetables and small fruits. Many live where space could be easily had for chickens, ducks, or pigeons. And there are not less than 6,000,000 older boys and girls and adult men and women for whom an hour or two of work each day in a garden would be the best form of recreation and rest from the routine of their daily labor in office or shop or mill or mine, and who might easily find the time for it.

"With some intelligent direction, these children and older boys and girls and men and women might easily produce on the available land an average of \$75 each in vegetables and fruits for their own tables or for sale in their immediate neighborhood; fresh and crisp through all the growing months and wholesomely canned and preserved for use in winter. This would add \$750,000,000 to the best form of food supply of the country without cost of transportation or storage and without profits of middlemen. The estimate is very conservative, as has been shown by many experiments.

"In addition to the economic profits, there would be for the children health and strength, removal from temptation to vice and education of the best type; and for older persons, rest and recreation in the open air and the joy of watching things grow.

"This might all be attained at comparatively little cost by putting into the public schools for every hundred children between the ages of nine and sixteen, one teacher skilled in gardening and paid for all the year. One such teacher could easily direct the work of 100 children, and of the 150 older persons belonging to the families of these children or living in their community. Thus 40,000 teachers of this kind would be sufficient for the entire country. These teachers might easily be had for an average additional salary of \$500 or a total of \$20,000,000. There would be some cost for seeds and some for fertilizers and tools, but after the first year the cost of these last two items would be comparatively little. The proceeds would represent profits to a greater extent than in any other kind of production. The miracle of it is in bringing together idle land on the one hand and idle children and tired people on the other. Alone, neither is productive, but all would be benefited by the combination even if the vegetables and fruits produced had no value; the land by the cultivation, the children by the health-giving, educational labor, and the older people by the hours outdoors and the contact with the soil."

No, Gladys, the Dodo is not the only bird that is extinct. There is also the old fashioned housewife who used to do the family washing on Monday, patch and darn on Tuesday, iron on Wednesday, clean house on Thursday, bake on Friday catch up with odds and ends of work on Saturday, and convey the old man and children to church on Sunday. Some of us have memories of her, but even memory is becoming dim.

How congress did hate to quit and go home!

INDIANS' FATE WITH PITCHERS

Lee Fohl of Cleveland Team Faces Big Problem in Getting Good Hurling This Year.

MOST OF OLD MEN ARE BACK

Outfield Looks Good With Speaker, Roth and Graney—His Squad Contains 31 Men

(By United Press.)

Cleveland, O., March 7.—Pitching is the big problem that must be solved by Manager Lee Fohl if he's to make a winner of the Cleveland Indians this year. The men today are spending the first day in their New Orleans training camp.

His second biggest problem is first base. Practically every other position on his lineup is settled.

He has an outfield that doesn't have to take a back seat for any other big league set of outergardeners. With Tris Speaker in center, flanked on the right by Bobby Roth and on the left by Jack Graney the gardens are well protected.

Terry Turner will be back at third, Ray Chapman at short and Bill Wambsgans at second.

There are an even dozen pitchers on the squad of thirty-one players and Fohl is supremely confident he "get together a classy staff. He is pulling hard for his big right hander, Guy Morton, to come back with the kink gone from his arm. Morton was leading the American league with ten victories and only two defeats when something went wrong with his salary wing last season. It was largely due to his disability that Cleveland dropped after a good start last season.

Stanley Coveleskie the young Polish spitballer, and Jim Bagby, fadeaway artist, are counted on as mainstays of the hurling corps just as they were last year.

One youngster who is expected to prove a real sensation is Otis Lambeth, who came from Topeka late last season. Lambeth displayed a world of stuff, including a fine side-wheel delivery and cross fire ball of which he has remarkable control.

Fohl has two fine southpaws in Fred Combs and Joe Boehling, the latter obtained in a trade with Washington.

Big Ed Klepfer who was bothered with tonsillitis last season, has had his tonsils removed and started south in the middle of February to get in condition by the time his team-mates arrive.

Popboy Smith, brother-in-law of Bagby, and Albert Gould, the little Iowan, showed good form and ability with the Indians last season and are expected to develop.

There are three likely youngsters getting their first tryout in fast company—Patty from Texas, Dickerson, who won eleven straight and lost none in the Dixie league, and Deardorff from the University of Iowa.

At first base the season may see the passing of Chick Gandill as a big league regular, for young Louise Guisto from Portland, Ore., is banked upon to win that place. Guisto didn't show much in the batting line when he reached Cleveland late last season, but he had a strained back. After the season he went on a trip to Honolulu and Harold Janviri of the Red Sox who took the same tour predicts Guisto will be a star.

Cleveland also has in reserve for the first base job Ivan Howard, Marty Kavanagh the Ex-Tiger slugger, and Ray Miller from the Western League.

Behind the bat the veteran Steve O'Neill is certain to be the mainstay, while Josh Billings, recalled from Louisville, is the present tip for second string catcher. Toy Daly will be third man.

Pete Allison from New Orleans is the only extra outfielder on the Indians roster and is considered sufficient.

Little Joe Evans, third sacker, is back from Portland.

The Indians are trying an interesting experiment this season and will take south with them a pair of sand battery chosen from the best players of Cleveland's amateur ball teams. They are Yaro Krenzel, catcher, and Johnny Leber, third sacker. The Indians will present a team of 31 men, 29 of them veterans, and one rookie.

It's very simple.

You corral a berry of young hot-water bottles, steam thoroughly in a boiler put the boiler in a bushel basket, set the basket in a baby carriage, wheel the whole into the dining room and serve.

That's all there is to it.

At the meeting of the C. W. B. M. of the Ben Davis Creek church held with Mrs. Claude Hunt this afternoon, there was an interesting discussion on "What Can We Do to Help the Children Find Their Rightful Place on the Kingdom?" Mrs. Oscar Rees led in the discussion.

The meeting of the Social Circle of the Orange Methodist church to be held with Mrs. Wilson Stewart tomorrow afternoon will be a very novel one. A number of the members of the society have been ill and for various reasons been unable to attend the recent meetings of the society and those attending the meeting at the home of Mrs. Christ tomorrow will call on the absent members.

At a beautifully appointed dinner, Mrs. Walter Gray entertained at her home southeast of the city recently, celebrating the birthday of Florence Alice Rees. The only decoration on the dining table at which the guests were seated was the huge birthday cake, lit with tapers. Other guests aside from the host and hostess, Mr. and Mrs. Gray, were Mr. and Mrs. Rees, and Florence Alice, Francis, and Kathryn Rees.

Miss Kathleen Coyne was hostess to the members of the B. N. Club at her home in this city last evening, when nine girl friends were entertained. Clever St. Patrick's Day decorations were used. Only a short business meeting was conducted and the remainder of the evening was spent in a gay social manner. Dainty refreshments were served by the hostess. Miss Nellie Brown will entertain the club members next Tuesday evening.

A delightful meeting of the S. E. T. Club was held with Miss Mary Amos at her home in North Perkins street yesterday afternoon when sixteen guests were entertained. The afternoon was spent informally when the guests chatted over their needlework. A delicious one course luncheon was served by the hostess. The next meeting will be with Mrs. Albert Allen in two weeks. Mrs. Chester Smith of Monmouth, Ill., and Mrs. Edward Strong of Indianapolis were among the guests of Miss Amos.

When Mrs. Will Trennepohl and Mrs. Willard Brown entertained the members of the W. R. C. Penny Social at the home of Mrs. Trennepohl yesterday afternoon, 34 members of the Social were present. After the business session, the ladies spent a busy afternoon in working on a quilt which is near completion. The pretty decorations for the home were suggestive of St. Patrick's day. A delicious one course luncheon was served. The next monthly meeting of the Social will be at the home of Mrs. Alice Bainbridge when the assisting hostesses will be Mrs. Anna Gilson and Mrs. Alice Denny.

Mrs. Jack Knecht will entertain the members of the Friday Afternoon Embroidery Club at her home in North Harrison street on Friday afternoon instead of Miss Grace Buell who was to have been hostess.

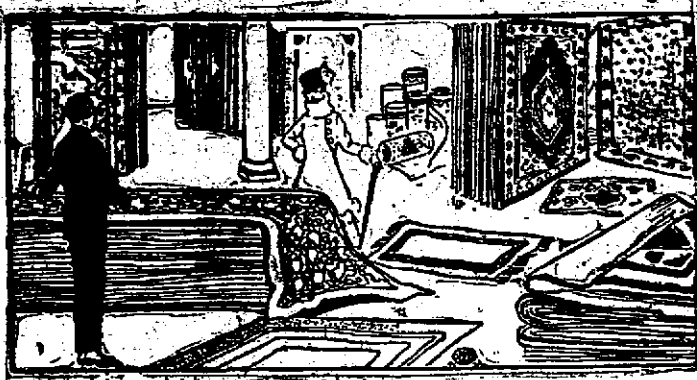

Mr. and Mrs. O. P. Wamsley, Mr. and Mrs. George Suess, and Mr. and Mrs. Earl Winship are going to Greenfield this evening to attend the banquet and social given for the Uniform Rank, K. of P.

The birthday of Miss Ruby Stewart was the cause for the surprise arranged in her honor on Monday evening by a number of her friends who came into her home, bringing with them an elegant pitch-in supper. The remainder of the evening after the service of the supper was spent in a pleasant social manner by the guests who were Mr. and Mrs. Charles Wamsley, Mr. and Mrs. John Roberts, Mr. and Mrs. Henry Miller, Mr. and Mrs. Roy Murphy, Mr. and Mrs. Kirby Payne, Mr. and Mrs. A. J. Perkins, Mr. and Mrs. Chester Williams, Mr. and Mrs. Will Stevens, Mrs. James Mercer, Mrs. Jeremy Weir, Mrs. Amanda McKee, the Misses Marian and Myrtle Sefton, Eva Mercer, Doris Mitchell, Blanche Armstrong, Beulah Murphy, Mary and Lucille Roberts, Deloris Miller, Thelma and Letha Williams and Russel Murphy, James Moore, Harold Matney, Homer Roberts, Earl Vogle, Ralph Armstrong, Carl Perkins, Lawrence Miller, John Williams and Carlos Weir.

A delightful party was given at the Social Club last evening when the ladies of the third division had the dinner in charge. During the social hour which intervened a pleasant time was enjoyed and the remainder of the evening was spent by some of the guests in dancing. Excellent music was played by the Mitchell three piece orchestra, with Miss Linstrum playing the piano. Some of their most popular numbers were those played with stringed instruments. Among the out-of-town guests at the affair were Miss Sefton of Greensburg, Mrs. George Dehority of Elwood, Miller Hamilton of Indianapolis, Miss Della Borhis of Lockland, Ohio, Miss Clara Hayden and Miss Bess Cleveland of Lexington, Ky.

Interest is being taken in the dance to be given next Friday March 16, by the ladies of the club for the gentlemen. The season is particularly favorable for, with St. Patrick's Day following, decorations will be very attractive. Mitchell's five piece orchestra is to play. A number of interesting out-of-town visitors are expected for the affair.

SPECIAL CARPET DISPLAY

Beginning Tomorrow and Continuing Through, Saturday, March 10

During these days, we will have an extraordinarily big showing of all kinds of three-quarter carpets, including velvets, axminsters, body brussels and tapestries. The display is unusual in many ways, and only such samples are shown as we can make quick delivery on. Lines from several of America's largest carpet mills are represented, and the new season's most beautiful patterns and color harmonies, are offered.

IF YOU CONTEMPLATE The Purchase of a New Carpet This Spring

this will be your best opportunity. We assure you that from an economy standpoint, a purchase now is essential, for prices are bound to soar. Scores of rolls of carpet, we carry in stock and can deliver them to you at once. Our Spring "laying calendar" is rapidly filling, so we urge you to make your selection soon. If our unusually heavy January and February carpet business was any indication, our prices must be right.

Our offerings in all sizes and patterns of rugs, ingrain carpets, linoleums, fillings, and window shades are now at their height and it will pay you to anticipate your wants.

Consider this an urgent invitation to see the special carpet display this week. COME TOMORROW.

The Mauzy Co.

The Ladies Aid society of Ben Davis Creek church will meet tomorrow afternoon with Mrs. Tom Bishop. The officers for the coming year will be elected at this time and a large attendance is desired.

Invitations are out for the Musical to be given by the members of the Happy-Go-Lucky Club on Wednesday, March 14, at the home of Mrs. John H. Frazee at 803 North Harrison street. The affair is celebrating the twentieth anniversary of the organization of the club, one of the oldest and best known social organizations in the county. The fifteen members of the club will be hostesses.

Honoring her birthday, Mrs. R. A. Petry was surprised by several of her friends at her home in this city last evening. The guests who arranged the affair brought with them an elegant supper which was soon spread. They also presented Mrs. Petry with a beautiful cut-glass dish. The ladies planning the pleasant evening were Mrs. Mart Spivey, Mrs. C. W. Hinkle, Mrs. Doll Green, Mrs. John Boyd, Mrs. Frank Windler, Mrs. Mary Hall, Miss Minnie Boyd, Miss Kathryn and Harry Petry were also guests.

Fifty members of the Loyal Daughters class of the Christian Sunday school attended the meeting of the class held last evening with Mrs. C. M. Yocum at her home in North Main street, teacher of the class when she was assisted in entertaining by Misses Wanda Wyatt and Lillian and Ruth Bennett. No business meeting was conducted and the entire evening was given over to a social good time. "The Romance of a Shirtwaist" was the title of the clever contest which occupied the interest of the guests for a period. Dainty refreshments of tea and sandwiches were served.

Two meetings of the Immaculata Sodality were held last evening, the first and second division meeting at the home of Miss Mary Ellen Carroll in West First street. Eleven members of the society were present and spent a profitable evening in sewing. Nine members attended the meeting of the third division held at the home of Miss Gertrude O'Reilly and had a pleasant time over their needlework. These weekly meetings of the divisions of the Sodality are being held to prepare for the bazaar which will be conducted shortly after Easter. The first and second divisions will meet next Tuesday evening with Miss Margaret Kelly.

100 Years Old

"The kidneys play a most important part in causing premature old age and death—the more injurious the poisons passing thru the kidneys the sooner comes decay"—so says a distinguished physician, who further advises all people who are past thirty to preserve the vitality of the kidneys and free the blood from poisonous elements, such as uric acid, drink plenty of water—sweat some daily and take Anurio before meals.

This Anurio (double strength) is put up in tablet form, and can be obtained at almost any drug store. For that backache, lumbago, rheumatism, "rusty" joints, swollen feet or hands, due to uric acid in the blood, Anurio quickly dissolves the uric acid as hot water does sugar. Discovered by Dr. Pierce of Buffalo, N. Y.

Prevent old age by simply sipping a cup of hot water every morning before breakfast, taking a little Anurio before meals and live to be a hundred.

BEAUTY FROM PURER BLOOD.

Fort Wayne, Ind.—"When I was a girl I became all run-down, weak and nervous and my stomach was in very bad shape—a gastric condition. My blood was very bad, and I broke out in sores. This was in the spring of the year. I tried medicines with no results at all. A friend told me of Dr. Pierce's Golden Medical Discovery being so good. I began its use at once and it soon cured me of my stomach trouble, cleared up my blood and left me in a strong, healthy condition. I have also used Dr. Pierce's All-Healing Salve and found it excellent for healing open sores of every sort. I am glad to recommend Dr. Pierce's medicines."—Mrs. A. T. COGOWALL, 1531 Calhoun St.

for city clerk. In the count of first choice votes it was found that Earl E. Osborne had a clear plurality of 160 and that Albert J. Sweet had six more votes than Walter F. Easley. Therefore, Mr. Easley was eliminated and twenty-six second choice votes on his ballots went to Mr. Osborne and twenty went to Mr. Sweet. The result was Mr. Osborne's final vote was 336 and Mr. Sweet's final vote was 170, making the former's majority 166.

There was not as much confusion among the members of the election boards as expected because of the second choice voting. The boards in precincts one and six were confused and had to recount their ballots after reporting to the election commission because they did not tally the second choice votes correctly. They gave all the second choice votes to the candidate receiving the first choice votes and had to go over the ballots again and distribute the second choice to their proper places.

George Helm defeated Fred Gale for the republican nomination for treasurer by a majority of 49 votes. Knowles Casady, the democratic candidate for the same office, was unopposed.

Chase P. Mauzy and Rudolph F. Seudder were nominated for councilmen-at-large on the republican

Beef Compared with Floorcoverings

The fact that all good rugs are made of wool does not mean that they are all alike. A cow may be all beef, but it's equally true that all beef is not sirloin. When you want a good steak you must designate the cut and when you want a rug or carpet you must do the same thing. There is just as much difference between Whittall Rugs and Carpets and the average as there is between sirloin and beef bone.

Numerous complaints have reached the city officials claiming the crossing is a dangerous one and the council believed that a flagman was needed.
